#### Under the National Banking Laws

We are permitted to loan but one-tenth of the amount of our Capital to any person or corporation, or association of persons, for the purpose of loaning. In our case the limit is \$5,000.

We are not authorized to deal in stocks, but are authorized to purchase and hold United States, Municipal, School and other Bonds, of which we always carry a line.

We have two examinations by National Bank Examiners each year, and are required to publish five sworn statements during each year, whenever called for by the Comptroller of the Currency.

Under the by-laws of the Bank, we have four examinations made by the Examining Committee, appointed by the Directors yearly.

Our Capital Stock is distributed among over fifty stockholders, good reliable business men and farmers, and it has always been the policy of the Bank that no one stockholder should hold over one-tenth of its capital stock.
